THE BULLETIN is asked to say that if the young gentlemen who so industriously and habitually keep everybody on West Second street, in vicinity of the "brick row," awake with their serenades, would just sing a little better, or sing in the day time, or let the people get a few nights' rest in the week, they would not have their names so unpleasantly associated by all the men and women thereabouts. The people in the neighborhood want the young men to bring along that banjo, if the serenades have to be kept up.

Death of Miss Emma Allison.

Miss Emma Allison, whose serious illness was noticed last week, died this morning shortly before four o'clock at the home of her parents near Washington. She had been suffering nearly a month from an attack of malarial fever, and had been in a critical condition several days. The deceased was a daughter of Mr. and Mrs. Thomas Allison, and was nineteen years of age. Of a gentle and lovely disposition, she had endeared to her a large circle of friends, who will learn the sad news of her death with feelings of sincere sorrow.

The funeral will take place Sunday morning at 10 o'clock at the family residence. Services by Rev. John S. Hays, D. D. The remains will be interred in the Maysville cemetery.

The Railway World.

The Louisville and Nashville Road is in the market for 1,000 more freight cars. Since March 1st the L. and N. has added 2,000 cars to its freight equipment.

During the months of June, July and August the Chesapeake and Ohio Railway carried 22,375 tourists over its lines, in addition to its regular local travel. The summer resorts along its line have had the largest patronage ever known.

The Baltimore and Ohio is chafing under the sharp competition which the Chesapeake and Ohio is giving it. The development of the passenger traffic of the C. and O. has been one of the surprises in railroad circles, which is made very apparent in the earnings from month to month.—Exchange.

The Chesapeake and Ohio has received four new Brooks passenger locomotives and contracted for three more passenger and twenty freight engines. Contracts have also been awarded for two hundred freight cars to be known as the James River F. V., equipped with air-brakes and Janney couplers. These are for the fast freight line.

The officials of the Ohio and Mississippi, Cleveland, Cincinnati, Chicago and St. Louis, Cincinnati, Hamilton and Dayton, Chesapeake and Ohio and Cincinnati, Washington and Baltimore Roads all report freight traffic as very heavy over their respective lines. All the freight equipment is kept constantly on the move, and any of the above named lines could profitably employ additional cars. Grain is commencing to move, and all the railroad men expect very heavy traffic and large earnings from now on to January 1 next.—Enquirer.

THE
ONE PRICE SYSTEM

Ever since the beginning of MINER'S SHOE STORE. Over fifty years ago, the One Price principle has been strictly adhered to. It is one of the bright features of our business. That it is the fairest, squarest and most satisfactory in all respects, every buyer will admit.

Another thing in this connection: Where one price is the rule, of necessity it means the very lowest cash price; the two are inseparably connected. Think this over and see if the statement is not correct. As a measure of good faith, we mark everything in plain figures, that "He who runs may read."

The Turf, Field and Farm.

Goldsmith, of New York, shipped 3,000 live cattle to Europe in one week recently, and a Baltimore exporter shipped 1,500. So sharp is competition in this trade that all the room on Atlantic steamers has been engaged for several months to come.—Exchange.

What a wonderful horse old Hambletonian was! There is hardly a trotter in the world worth mentioning that does not trace his pedigree to him. Norval is his grandson, so is Bermuda, so is Baron Wilkes, so is Red Wilkes, and so on, and Maud S. and Sadie Dare, his granddaughters; while Norlaine is his great-granddaughter. His sons and daughters have populated America with trotters.—Exchange.

The Winchester Sun says: "The fat cattle are running slowly at \$3.50 to \$4.10, the farmers holding back in the hope of better prices. Hogs are scarce and stockers selling at from \$4.50 to \$4.75. Most of the sheep have been bought up at higher prices than have ruled for years. Mule colts are high, scarce and in good demand. Aged mules are quoted slow sales but fair prices. A better demand is expected as feeding time approaches."

The Ladies Delighted.

The pleasant effect, and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions, make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effective in acting on the kidneys, liver and bowels.

One of the excursionists from this place to Old Point Comfort met, at Richmond, Va., a former resident of Dover, Mrs. Burgess, a respectable and hospitable lady, who desired to be remembered to all her old acquaintances.

Administrations come and administrations go, but Colonel Baldwin holds his own under them all. You might turn any ten Republicans of this county loose in Washington City and Colonel Baldwin would accomplish more with the President than all of them combined. The Colonel knows what to say, and how to say it.
